

The System

THE FUTUREKIDS BUSINESS SYSTEM A FUTUREKIDS franchise owner provides computer literacy education to children, teachers and adults using a proprietary curriculum and teaching methodology that is unparalleled in the field of education. There are six revenue components available to the FUTUREKIDS Franchisee today:

- Weekly Classes
- Computer Camps
- Turnkey School Programs
- Curriculum Licensing
- On-Location Programs
- Adult Classes

Â

Â **WEEKLY CLASSES:** Providing ongoing computer education to children, teachers and adults at a dedicated learning centre or other on-location facilities.

Â **COMPUTER CAMPS:** Providing week-long theme and event focused computer learning experiences for children during school holiday periods.

Â **TURNKEY SCHOOL PROGRAMMES** Providing curriculum, teachers, equipment, software and ongoing consulting services to schools to deliver computer training as part of their regular school day schedule.

Â **CURRICULUM LICENSING:** Providing curriculum and consulting services to schools, and training their teachers to deliver our curriculum as part of their regular school day schedule.

Â **ON-LOCATION PROGRAMMES:** Providing computer education to children, teachers and adults outside of their regular school day at state schools, independent schools, pre-schools, nurseries, community centres, business locations and similar facilities.

Â **ADULT CLASSES:** Providing computer education to parents, professionals, business executives, company employees and other adults.
